Consent-Approve item X-B – Minutes of the 5/24/22 Special Meeting and Executive Session, 5/24/22 Regular Meeting, 5/25/22 Special Meeting and Executive Session, and 6/9/22 Special Meeting.

Consent-Approve item X-C – Summary of Receipts, Wire Transfers, and Check Registers submitted by Mrs. Lisa Salo, Accounting Manager; Mr. Tarik Hamdan, Chief Financial Officer: and Dr. Ormseth, excerpts follow:

"It is recommended that the May 2022 cash receipt deposits totaling \$2,590,447.02, and cash receipt wire transfers-in totaling \$13,918,099.16, be approved.

Check numbers 612483 through 613246 (net of voided batches) totaling \$3,731,717.97, and general operating wire transfers-out totaling \$4,175,105.90, are recommended for approval as the payments made are within budgeted allocations for the respective programs and projects.

Consent-Approve item X-D – Policy 5437 – Threats/Assaults and Administrative Regulation 5437 submitted by Mr. Anthony Casper, eSchool Principal and Administrative Review Chair; Ms. Kim Fischer, Regional Coordinator of Secondary School Leadership; Mr. William Haithcock, Chief of School Leadershp; Mrs. Ruder; Chief Communications Officer; and Dr. Ormseth, excerpts follow:

"To ensure KUSD practices and procedures align with Policy and Rule 5437 and Administrative Regulation 5437, both have been reviewed and updated.

The majority of edits include eliminating the administrative regulation and reducing repetitive statements in the current policy and rule in an effort to streamline the content for ease of reading and understanding. Additional language was added to allow the administration to assess the legitimacy of threats, as well as language to reflect threats of mass violence toward district staff, students, and/or buildings. Language was also added to ensure any other visitors to District property (e.g. contractors, volunteers, visitors, etc.) are covered by this policy.

Finally, statutory references were also updated. One addition is the reference to Wis. Stat. §947.019, which states any individual who threatens to cause the death of or bodily harm to others or to damage any person's property (including District property) under any of the circumstances enumerated in the statute is guilty of a Class I felony. This statute is relevant to include in the policy/rule because it would encompass bomb or school shooting threats. Another addition is the reference to Wis. Stat. § 175.32, which mandates that the District immediately notify law enforcement for any serious and immediate threat to the health or safety of a student, District employee, or the public. This statute also encompasses any bomb or school shooting threats.

Administration recommends that the board approve the proposed revisions to Policy and Rule 5437 - Threats/Assaults, as well as the elimination of Administrative Regulation 5437 - Threats/Assaults, as a second reading on June 28, 2022."

Mrs. Modder moved to approve the consent agenda which included a Revised Recommendations Concerning Appointments, Leaves of Absence, Retirements, Resignations and Separations. Mr. Battle seconded the motion. Unanimously approved.

Dr. Ormseth and Ms. Tatjana Bicanin, Executive Director at Building Our Future, presented the Building Our Future Partnership Affirmation submitted by Mr. Hamdan and Dr. Ormseth, excerpts follow:

"The official start-up year for BOF was 2017. This partnership works to align all Kenosha County stakeholders towards a common vision of equitable outcomes, improved social and economic mobility opportunities, and a thriving community for all students.

On February 28, 2017, the Kenosha Unified School District (KUSD) Board of Education unanimously voted to approve the recommended proposal to establish a new program within the KUSD Community Services (Fund 80). The approved financial commitment was established as \$50,000 per year for five years beginning in the fiscal year 2017-18 and ending in the fiscal year 2021-22.

The administration recommends that the Board renew the five year partnership/funding with Building Our Future and approve the \$50,000 per year commitment beginning with the 2022-2023 school year."

Mr. Price moved to renew the five year partnership/funding with Building Our Future and approve the \$50,000 per year commitment beginning with the 2022-2023 school year. Mrs. Modder seconded the motion. Motion passed. Mr. Battle abstained.

Mr. Hamdan presented the Board Approved Student User Fees and Recreation Department Fees for the 2022-2023 School Year submitted by himself and Dr. Ormseth, excerpts follow:

"As a component of the budget development process, a review of fees charged by the District is conducted annually. The administration is not recommending changes to the 2022-23 student user fees or the recreation department fees for the upcoming school year, with the exception of allowing schools to charge a pro-rated \$15 parking fee for the 4th quarter if spaces are available. Given the recent irregularity attributed to the pandemic, it is recommended that the District reevaluate all student user fees once we establish our new "normal."

Attachment A delineates the proposed 2022-2023 Student User Fees Schedule and Attachment B delineates the proposed 2022-2023 Recreation Department Fees Schedule.

District-wide Fee Procedures:

- All fees and payments for a student will be maintained in Infinite Campus by the school at which the student is primarily enrolled. Schools will have access to create fees based on circumstances (e.g. field trips, yearbook, clubs, and activity accounts).
- Charter schools are required to collect all applicable district-required user fees
 according to the Board-approved fee schedule. Charter schools may retain the
 fees as part of the individual charter agreements.

 All schools looking to charge for workbooks or any other supplemental consumable materials, not covered by the base fees, must submit the fee to be reviewed and approved by the respective school leadership department prior to the allocation of any funds for the purchase of these materials, or the assessment of any such fees.

Administration recommends that the Board of Education approve the attached schedules in order to establish the fiscal year 2022-2023 student user fees and recreation department fees. The Administration also recommends that the Board engage in further discussions on student user fees around the month of January should they choose to entertain changes for the following fiscal year 2023-2024."

Mr. Battle moved to approve the attached schedules in order to establish the fiscal year 2022-2023 student user fees and recreation department fees and that the Board engage in further discussions on student user fees around the month of January should they choose to entertain changes for the following fiscal year 2023-2024. Mr. Meadows seconded the motion. Unanimously approved.

Dr. Ormseth presented the Changes to Building Permit Fees and Regulations and Board Policy 1330 – Facilities Use submitted by Mr. Patrick Finnemore, Director of Facilities; Mr. Hamdan; and Dr. Ormseth, excerpts follow:

"It has been several years since building rental fees have been increased due in part to the temporary hold that was placed on permits during the early stages of the Covid-19 pandemic. In light of the impacts of inflation and the costs related to operating our buildings, an increase in building use permit fees is warranted starting in the 2022-23 school year. The primary change being proposed is an across the board increase of 4% to all rental fees. As in years past, the 4% increases involve either a round up or a round down to the nearest whole dollar amount. The choice of a 4% increase was based in part on actual cost increase in areas directly related to rental uses.

In addition to the 4% rental fee increase, there are several other changes being proposed with this revision. All of the changes are reflected in red on the attached draft of the Permit Fees & Regulations for the 2022-23 school year (Attachment 1). These changes include:

- Increasing the permit handling fee from \$20 to \$25. This fee covers the labor costs that KUSD incurs related to the processing of each permit. The \$20 fee has been in place for over a decade and has never been increased.
- Removal of the \$20 disinfecting fee that was temporarily added for the 2021-22 school year as permits were re-introduced as we began to come out of the Covid-19 pandemic.
- Increases to the hourly rates charged for staff that directly support building permits. Staff members can include custodians, kitchen supervision, stadium managers, and field prep and managers for the high school baseball and softball fields. These rates are not increased annually and so when they are increased they are done to attempt to cover wage increases for a 2 or 3 year period. They include overtime where that is appropriate as well as the costs for the benefits for these positions.

One change is needed to the Board Policies and Rules related to building permits. That change is in Rule 1330 as it specifically referred to the dollar amount of the \$20 permit processing fee. The proposed change would be to remove the dollar amount and only refer to it as the permit processing fee so that the Rule does not need to be revised on future increases. A mark-up for the changes related to Rule 1330 is provided as Attachment 2 to this report.

Administration recommends Board approval of the changes to the permit fees and regulations as described in this report. It is also recommended that the Board approve revised Board Rule 1330 as a first reading on June 28, 2022."

Mr. Battle moved to approve the changes to the permit fees and regulations as described in the report and also approve revised Board Rule 1330 as a first reading. Mrs. Modder seconded the motion. Unanimously approved.

Dr. Ormseth presented Policy and Rule 3643 – Emergency School Closings and/or Learning Adjustments submitted by Mrs. Ruder and Dr. Ormseth, excerpts follow:

"Policy 3643 was developed to give the Superintendent and/or their designee guidance when determining whether or not to close schools due to inclement weather and/or emergencies/crises. Following the COVID-19 pandemic, the policy was updated to allow for virtual learning. Unfortunately, this was not always well-received and attendance on the virtual days was typically lower than expected, requiring work to be repeated when school resumed. In addition, funding to maintain a 1:1 district is currently not available, making this option even more difficult to implement.

The policy has been adjusted to allow for the first two days to be true closures where no students or staff, other than specified facilities staff, report. It also outlines makeup requirements for staff. It also maintains language about closures due to circumstances, such as another pandemic.

Administration recommends that the board approve revised Policy and Rule 3643 – Emergency School Closings and/or Learning Adjustments as a first reading on June 28, 2022, and a second reading on July 26, 2022."

Mr. Price moved to approve revised Policy and Rule 3643 – Emergency School Closings and/or Learning Adjustments as a first reading. Mr. Meadows seconded the motion. Unanimously approved.

Mrs. Julie Housaman, Chief Academic Officer, and Mr. Aaron Williams, Coordinator of Career and Technical Education, presented the Education for Employment Plan submitted by Mr. Edward Kupka, Coordinator of Student Support; Mr. Williams; Mrs. Jenny Schmidt, Director of Special Education and Student Support; Mrs. Housaman; and Dr. Ormseth, excerpts follow:

"The Wisconsin Department of Public Instruction (DPI) has revised the Education for Employment (E4E) administrative rule (or Chapter PI 26) (Appendix A). The purpose of Education for Employment programs is to prepare elementary and secondary pupils for

employment, to promote cooperation between business and industry and public schools, and to establish a role for public schools in the economic development of Wisconsin.

The district ACP leadership team had provided guidance on the implementation and input on marketing and communication information to schools, students, and families. In 2020, the leadership shifted to school teams. School teams were led by a school administrator and assembled at each middle and high school with the expectation to meet four times annually and to document meeting minutes.

This review is an information update to the school board about the Kenosha Unified School District's Education for Employment Plan as required by Wisconsin Administrative Code PI 26.03.

Kenosha's plan provides students, parents, and community members with an understanding of learning outcomes and the implementation of E4E programs and services in the district.

A student's pathway to a career includes all relevant learning experiences that help to inform his/her investment in postsecondary education or training; and it positions the student for success in a career of interest.

As the Kenosha Unified School District continues to update its Education for Employment plan each year, the economic growth in Kenosha County (regionally and in the state) is studied. Some of the major developments in Kenosha are industrial, healthcare, housing, and retail. It is important that economic development continues to be shared with staff and students so that students are being educated about labor market needs and educational and training requirements for occupations that will fill those needs. Long term planning with the Education for Employment plan, Career and Technical Education Department, and Academic and Career Planning will work to align goals and indicators to the Kenosha Unified School District's achievement plan.

Kenosha Unified School District's E4E plan aligns with the required components in WI PI 26.03 (Appendix B).

This is an informational report."

Mr. Kristopher Keckler, Chief Information Officer, presented the 2022 Parent/Guardian Survey submitted by Ms. Laura Sawyer, Research Analyst; Mr. Haithcock; Mr. Keckler; and Dr. Ormseth, excerpts follow:

"School Board Policy 1110 Parent/Guardian/Caregiver Survey stipulates that KUSD implement a parent/guardian survey every two years. However, the current contract with the Studer Education provides a Parent/Guardian survey annually.

The 2022 Parent/Guardian Survey contained questions or statements in the following areas:

- School Climate:
- Cleanliness/Safety;
- Student Achievement/Grading/Assessment;

- Communication/Follow Up;
- Expectations; and
- · Shared Decision-making.

Responses for each item were presented using a Likert-type scale where respondents were asked to rate their agreement using response categories that ranged from Strongly Agree (5) to Strongly Disagree (1). A Neutral category was also available.

The 2022 Parent/Guardian survey summary is provided as an informational item only, as mandated by School Board Policy 1110. The survey results for each building have already been shared and presented to district and school staff, and some of the school results will be incorporated into the new school achievement plan process."

The 2022 Parent/Guardian Survey was administered in the Spring of 2022. A specific link to the anonymous survey was distributed to each parent/guardian account through their Infinite Campus Parent Portal. Parents/guardians were informed of the survey through various media notifications, from both the central office and the local school building.

KUSD Parents and Guardians provided 5,189 responses, which is 20% less than the responses from the 2020-21 survey (6,473). Parents had the ability to complete multiple submissions so they could reference different schools if they had multiple children enrolled. Because of the small number of responses for several buildings, the quantitative analysis was completed for KUSD as a whole.

Two (2) buildings had less than ten (10) parent responses. On the KUSD report, 5 out of 17 benchmark items earned higher than a 4.00 mean score, which is in the agreeable range. This is a decrease from last year, which was 11 out of 17.

The overall mean for the survey was 3.88, which is a slight decrease from the 4.01 score achieved in 2021. The individual survey questions resulted in 1 out of 3 responses being reported as "Strongly Agree."

It is evident that parents feel connected to their child's school and the district with top items including "My family is treated with respect ..." (4.14), "I am proud to say I have a child at this school" (3.96), and "I would recommend this school to other parents" (3.97). Other top items included "My child has the necessary classroom supplies and equipment for effective learning" (4.15), "My child's learning is a high priority at this school" (4.07), "I am confident in my ability to support my child's learning at home," (4.02), and "The school is clean and well maintained" (4.04).

The less agreeable areas related to "The District makes decisions that are in the best interest of children and parents." (3.13), and "receiving positive [notifications] about my child..." (3.43) and "receiving regular feedback from school staff on how well my child is learning." (3.58). While these were the lower performing areas, they are all still above a "neutral" level (3.0).

The 2022 Parent/Guardian survey summary is provided as an informational item only, as mandated by School Board Policy 1110. The survey results for each building have

already been shared and presented to district and school staff, and some of the school results will be incorporated into the new school achievement plan process."

Mr. Keckler presented the Proposed Changes to the KUSD High School Instructional Calendar submitted by Mr. Haithcock, Mr. Keckler, and Dr. Ormseth, excerpts follow:

"The state of Wisconsin has recently approved changes to the grades 9 and 10 accountability assessments. The previous state required assessment for these two grades was the ACT Aspire. ACT has announced that the ACT Aspire will not continue and the new contract stipulates that the Pre-ACT will be used starting with the 2022-23 school year. The Pre-ACT assessment covers multiple content areas consistent with the grade 11 ACT with Writing, but is shorter in duration with a smaller quantity of questions.

KUSD has an existing grade 11 testing only day so school staff can dedicate themselves to adhering to the very strict testing and security protocols established by ACT and supporting all of the students taking the assessment. With this new development, School Leadership and the High School Administrators reviewed possible options to support the Pre-ACT in the same manner.

By implementing a dedicated grade 9 and 10 assessment day, each school will be able to properly support all of the assessment protocols. To counter this loss of instructional minutes, the proposal is to add 3 instructional minutes to the Monday-Thursday high school schedule. For the 2022-23 High School calendar, the Pre-ACT grade 9 and 10 only day would be Tuesday, March 21, 2023, and the ACT with Writing grade 11 only day (previously approved) is March 7, 2023.

Any board-approved changes will generate new calendars, be posted online, and shared with all respective school buildings, staff and parents.

Administration recommends that the School Board approve the proposed adjustment to the KUSD High School Instructional Calendar at the June 28, 2022, regular School Board meeting."

Mrs. Modder moved to approve the proposed adjustment to the KUSD High School Instructional Calendar. Mr. Price seconded the motion. Unanimously approved.

Dr. Ormseth and Mr. Finnemore presented the Lakeview Technology Academy Relocation submitted by Mr. John Setter, Project Architect; Mr. Finnemore; Mr. Hamdan; and Dr. Ormseth, excerpts follow:

"Administration recommends Board approval of the proposed relocation of LakeView Technology Academy to the new facility being proposed in this report provided:

- KABAF, GTC and the City of Kenosha can identify the remaining funding needed for the project;
- KUSD capital contribution to the project is limited to the actual proceeds from the sale
 of the property adjacent to Richard Bong State Park (not to exceed \$1.3 million); and
- A new lease agreement initially doubling the current rent payment will be brought to the school board for approval."

Dr. Ormseth gave a PowerPoint presentation entitled LakeView Technology Academy Relocation Update which covered the following topics: why, potential future home of LakeView Wolves, how, additional funding, timeline, additional information, and administrative recommendation.

Mrs. Modder moved to approve the relocation of LakeView Technology Academy to the new facility being proposed in this report provided KABAF, GTC and the City of Kenosha can identify the remaining funding needed for the project, KUSD capital contribution to the project is limited to the actual proceeds from the sale of the property adjacent to Richard Bong State Park (not to exceed \$1.3 million); and a new lease agreement initially doubling the current rent payment will be brought to the school board for approval. Mrs. Schmaling seconded the motion. Motion passed. Mr. Battle abstained.

Mr. Hamdan presented the Authorization of 2022-2023 Expenditures Prior to Formal Adoption of the Budget submitted by himself and Dr. Ormseth, excerpts follow:

"The budget adoption cycle for Wisconsin school districts is such that school boards do not adopt a final budget until October of each year, despite the fact that the fiscal year begins in July. The primary reason for this delay is that many of the factors needed to finalize the budget are not known until October. Equalized property values and official 3rd Friday student counts will not be known until the end of September. Certification of state aid from the Department of Public Instruction (DPI) will not occur until October.

It is customary for school boards to approve a resolution authorizing district administration to expend funds between July 1 and the time that the budget is formally adopted in October.

Administration recommends that the Board authorize the payment of all currently authorized salaries and benefits beginning July 1 and continuing until the budget is formally adopted. Administration also recommends that the Board authorize expenditures in other areas to continue at the discretion of the administration. Expenditures should not exceed one-third of the funding authorized in the prior year's budget, unless Board action has occurred to modify specific programs or activities. The one-third guide represents 4 of 12 months in the fiscal year between July and October."

Mr. Price moved to approve the authorization for payment of all currently authorized salaries and benefits beginning July 1 and continuing until the budget is formally adopted and the authorization of expenditures in other areas to continue at the discretion of the administration. Expenditures should not exceed one-third of the funding authorized in the prior year's budget, unless Board action has occurred to modify specific programs or activities. The one-third guide represents four of twelve months in the fiscal year between July and October. Mr. Battle seconded the motion. Unanimously approved.

Ms. Adams presented the Contract Amendment for Interim Superintendent of Schools.

Mr. Meadows moved to approve the contract amendment for Dr. Bethany Ormseth, Interim Superintendent, which extends the administrator contract to September 30, 2022. Mr. Battle seconded the motion. Unanimously approved.

Mrs. Modder presented the Donations to the District.

Mrs. Modder moved to approve the donations to the district as presented. Mr. Meadows seconded the motion. Unanimously approved.

Ms. Stevens moved to adjourn the meeting. Mrs. Schmaling seconded the motion. Unanimously approved.

Meeting adjourned at 8:17 P.M.

Kenosha Unified School District Kenosha, Wisconsin

July 26, 2022 Board of Education Meeting

POLICY AND RULE 3643 – EMERGENCY SCHOOL CLOSINGS AND/OR LEARNING ADJUSTMENTS

Background:

Policy 3643 was developed to give the Superintendent and/or their designee guidance when determining whether or not to close schools due to inclement weather and/or emergencies/crises. Following the COVID-19 pandemic, the policy was updated to allow for virtual learning. Unfortunately, this was not always well-received and attendance on the virtual days was typically lower than expected, requiring work to be repeated when school resumed. In addition, funding to maintain a 1:1 district is currently not available, making this option even more difficult to implement.

The policy has been adjusted to allow for the first two days to be true closures where no students or staff, other than specified facilities staff, report. It also outlines makeup requirements for staff. It also maintains language about closures due to circumstances, such as another pandemic.

Administration Recommendation:

Administration recommends that the board approve revised Policy and Rule 3643 – Emergency School Closings and/or Learning Adjustments as a second reading on July 26, 2022.

RULE 3643

EMERGENCY SCHOOL CLOSINGS AND/OR LEARNING ADJUSTMENTS

The district puts student safety first, which is why several factors are taken into consideration when determining whether to close buildings or shift to a fully virtual learning environment due to inclement weather and/or emergency/crisis situations, such as:

- Whether a weather warning has been issued and remains in effect at or after 5 a.m. of the day in question
 - o Warnings issued in advance are often canceled due to a change in storm systems and the district does not want to make decisions based on inaccurate data/information
- Whether there is a sustained wind chill of -34 degrees or lower
- Whether there is a sustained temperature of -20 degrees or lower
- Whether there is or will be a heavy accumulation of snow, especially during typical travel times to and from school
 - o Are streets and sidewalks clear?
 - o Are buses unable to run due to extreme cold or unplowed streets?
 - o Are driving conditions hazardous?
 - o Are there power or phone outages?

If school is not canceled or shifted to fully virtual learning and a parent/guardian believes their child is safer at home, the parent/guardian may keep their child home. Keeping a child home due to weather will be recorded as an excused absence on the student's record per Policy 5310 and Wis. Statute 118.15 so long as parents/guardians report the absence in a timely manner.

In the event schools are closed, shifted to fully virtual learning, or the arrival/dismissal time is changed due to inclement weather and/or emergency/crisis situations, an announcement will be made via text message to all families who have opted in to receive texts from KUSD and have a cell phone listed in Infinite Campus, the KUSD website (kusd.edu), KUSD Channel 20, Facebook.com/kenoshaschools, Twitter.com/KUSD, Instagram.com/Kenoshaschools, 262-359-SNOW (7669), WTMJ 4, FOX 6, WISN 12, CBS 58, local radio stations, and Kenosha News no later than 5:30 a.m. unless emergency circumstances require otherwise.

If schools are closed, all after-school activities, including sports, fine arts and evening events, also will be canceled. When KUSD schools are closed, no transportation will be provided to private and parochial schools.

THREEFOUR PROCEDURES TO LOOK/LISTEN FOR

Unless notified otherwise, Procedure 1 is in effect. Nothing prevents the district from enacting any of the procedures below on a case-by-case basis if impending emergencies/crises are isolated to individual schools/buildings.

- Procedure 1: All schools in KUSD will be open today. Students and <u>staffpersonnel</u> are expected to attend.
- Procedure 2: All schools in KUSD will open two hours late, and-school buses that transport students

RULE 3643

EMERGENCY SCHOOL CLOSINGS AND/OR LEARNING ADJUSTMENTS - Page 2

will be running approximately two hours late. There will be no a.m. or p.m. early childhood, speech impact or 4K classes.

- Procedure 3: All schools in KUSD will be closed; no students are expected to report. The Kenosha Senior Center also will be closed. KUSD employees see below for attendance guidelines. All schools in KUSD will be shifted to a fully virtual learning environment; no students are expected to physically report to buildings but must attend classes virtually from home in order to be marked present for the day.
 - This may be implemented on a case by case basis if isolated to individual schools/buildings.
- O The Kenosha Senior Center will be closed.
- Procedure 4 (reserved for extreme emergency situations): All schools in KUSD will be closed; no students are expected to report. This procedure will only be enacted if and when the situation leading to closure has caused widespread internet outages (e.g. major ice storms, etc.) or would result in endangering the health and welfare of students and staff. This may be implemented on a case by case basis if isolated to individual schools/buildings. The Kenesha Senior Center also will be closed.

STAFF REPORTING REQUIREMENTS:

Two (2) days are built into the academic calendar for extreme emergency school closings as outlined in <u>Procedure 34</u> above.

If Procedure 1 is enacted, staff will be expected to report to work at their assigned buildings as normally scheduled

If Procedure 2 is enacted, staff will be expected to report to work at their assigned buildings as normally scheduled.

If Procedure 3 is enacted, only specified facilities staff shall report to work the first two days, no others shall report to work. Specified facilities staff include those required for snow removal and/or other maintenance needs as indicated by his/her supervisor. These individuals shall receive flextime for the day(s) worked that must be used by June 30 of the school year in which the closings occur.

Beyond the first two days: Teachers, educational support professionals and interpreters should not report to work when school is closed due to weather or emergency purposes, but must make up state mandated student contact time at a future date(s) to be determined by administration.

Timesheet employees will not be required to work when schools are closed and will not be compensated unless their direct supervisor requests otherwise, in which case a timesheet for hours worked must be submitted.

If Procedure 4 is enacted, only specified facilities staff shall report to work the first two days, no others shall report to work and the school and/or district will be considered closed for the day. Specified facilities staff include those required for snow removal and/or other maintenance needs as indicated by their supervisor. These individuals shall receive flextime for the day(s) worked that must be used by June 30 of the school year in which the closings occur. KENOSHA UNIFIED SCHOOL DISTRICT NO. 1 Kenosha, Wisconsin

July 26, 2022

CHANGES TO BUILDING PERMIT FEES & REGULATIONS & BOARD POLICY 1330 (Second Reading)

Background:

It has been several years since building rental fees have been increased due in part to the temporary hold that was placed on permits during the early stages of the Covid-19 pandemic. In light of the impacts of inflation and the costs related to operating our buildings, an increase in building use permit fees is warranted starting in the 2022-23 school year. The primary change being proposed is an across the board increase of 4% to all rental fees. As in years past, the 4% increases involve either a round up or a round down to the nearest whole dollar amount. The choice of a 4% increase was based in part on actual cost increase in areas directly related to rental uses.

In addition to the 4% rental fee increase, there are several other changes being proposed with this revision. All of the changes are reflected in red on the attached draft of the Permit Fees & Regulations for the 2022-23 school year (Attachment 1). These changes include:

- Increasing the permit handling fee from \$20 to \$25. This fee covers the labor costs that KUSD incurs related to the processing of each permit. The \$20 fee has been in place for over a decade and has never been increased.
- Removal of the \$20 disinfecting fee that was temporarily added for the 2021-22 school year as permits were re-introduced as we began to come out of the Covid-19 pandemic.
- Increases to the hourly rates charged for staff that directly support building permits. Staff members can include custodians, kitchen supervision, stadium managers, and field prep and managers for the high school baseball and softball fields. These rates are not increased annually and so when they are increased they are done to attempt to cover wage increases for a 2 or 3 year period. They include overtime where that is appropriate as well as the costs for the benefits for these positions.

Board Policy and Rule Changes:

One change is needed to the Board Policies and Rules related to building permits. That change is in Rule 1330 as it specifically referred to the dollar amount of the \$20 permit processing fee. The proposed change would be to remove the dollar amount and only refer to it as the permit processing fee so that the Rule does not need to be revised on future increases. A mark-up for the changes related to Rule 1330 is provided as Attachment 2 to this report.

Administration Recommendation:

At its June 28, 2022 meeting, the Board approved changes to the permit fees and regulations as described in this report as well as a first reading of revised Board Rule 1330. It is recommended that the Board approve revised Board Rule 1330 as a second reading on July 26, 2022.

SCHOOL SAFETY GRANT APPLICATION - DIGITAL MAPPING

Background:

On December 5, 2021, the State Legislature passed 2021 Wisconsin Act 109 to amend a portion of 2017 Wisconsin Act 143, which is generally known as the school safety law. The original school safety law (Act 143) required school districts to submit the most recent blueprints of each school building to the Wisconsin Department of Justice (DOJ) Office of School Safety (OSS) as well as local law enforcement agencies. Many districts provided hard copies or scanned copies of the full size blue prints from when their schools were originally constructed. Those plans were developed for contractors to construct a building and were not drawn for the purposes of quick digestion of a site and building layout by first responders in an emergency situation. The new law was developed and adopted to support an initiative being promoted by the Wisconsin Chiefs of Police Association and others for school districts to have digital maps of their sites and floor plans in a format that was both easily accessible and easy to understand for law enforcement and other first responders in the event of an emergency at a school.

Specifically, 2021 Wisconsin Act 109 allows school boards and the governing bodies of private schools to submit critical incident mapping data, in lieu of blueprints, to the relevant law enforcement agency and the OSS, and similarly requires the OSS to compile such data and maintain its confidentiality, subject to the exception allowing law enforcement access upon request. In addition, the act creates a DOJ grant program to assist school boards and governing bodies of private schools in submitting critical incident mapping data, and requires DOJ to accept grant applications from school personnel working jointly with local law enforcement agencies with jurisdiction over the school. The act further specifies that grant funds must be used for site-specific critical incident mapping data to enhance security and increase situational awareness for first responders, and that any mapping data created with grant funds must meet the following requirements:

- The data must be compatible with platforms and applications used by local, state, and federal public safety officials.
- The data may not require local, state, or federal public safety officials, school districts, or private schools to purchase additional software.
- The data must include information that can best assist first responders in an emergency, such as building numbers, floors, suite designations, room numbers, or other available relevant location information.

The act authorized the Joint Committee on Finance (JCF), in the 2021-23 fiscal biennium, to supplement DOJ's school safety appropriation with sufficient funds, not to exceed \$2,000,000 in the biennium, to implement the grant program, upon DOJ's request.

Digital Mapping Grant:

On July 1, 2022, the DOJ OSS announced the \$2,000,000 grant program that they developed in response to Act 109. The grant was written around a specific product developed by a company called Critical Response Group which is a New Jersey based organization started by former military special ops personnel. The product known as Collaborative Response Graphics (CRGs) combines accurate floor plans, high-resolution imagery and a gridded-overlay into one map. A demo of this product can be found on the company's website at the following link:

https://www.crgplans.com/

The CRG software has been endorsed and supported by state-funded grants for schools in a number of states on the east coast and is now making its way to the Midwest with both Michigan and Wisconsin developing grant programs and lowa working on a program as well. In several of the states, the funds allocated for their grant programs were sufficient to fund development of plans for every district in the state. The \$2,000,000 allocated in Wisconsin will cover less than 25% of the schools in the State. Therefore, as part of the grant announcement, the OSS identified two criteria they will use in the selection of what districts receive the grant funding. Highest priority will be given to districts currently not in compliance with the blueprint submittal component of Act 143. Once those districts' requests are funded, the remainder of the funds will be issued based on the grant submission date on a first-come first-serve basis.

KUSD Grant Application:

The majority of school districts in the State of Wisconsin are in compliance with Act 143 and specifically with the blueprint submission requirement. Because of our size and the CAD capabilities of our Facilities Department, KUSD has developed and maintained more simplified site and floor plans for our schools that we provided to the OSS and our local law enforcement agencies which are much more user-friendly than the construction plans that many districts have currently submitted. We also provide the simplified electronic plans to all of our local law enforcement agencies in PDF format so that responding officers are able to pull them up on their screens in their squad cars. Therefore, we have been well ahead of the majority of districts in this area. That said, the plans we currently provide cannot compete with the CRG plans in terms of speed and efficiency of understanding a school's layout by law enforcement and other first responders in an emergency.

Chief David Smetana from the Pleasant Prairie Police Department (PPPD) saw a demo of the CRG software about two years ago when it was first being introduced 45

to the police chiefs, and brought the firm to the Kenosha area to provide a demo to other local law enforcement agencies as well as KUSD. We all felt it was a significant improvement from what we were providing the police departments. Shortly after that, KUSD in conjunction with the PPPD, Kenosha Police Department and the Kenosha County Sheriff's Department submitted a Federal COPS grant to try to obtain funding for the software and the development of plans for all of our schools. Unfortunately, our grant application at that time was unsuccessful.

KUSD requires Board approval of grant applications that exceed \$25,000. The cost for development and implementation of the CRG plans for KUSD is estimated at \$148,975. The grant announcement drew a great deal of interest and applications from school districts. Feedback from the OSS was that requests would exceed the available funding within a couple of weeks of the July 1st announcement. Therefore, KUSD submitted a grant request that first week after the announcement for the \$148,975 with the understanding that we would not be able to accept any funding until Board approval was obtained. Knowing the stated intent of our State Legislation and the OSS with the adoption of Act 109, and that having these maps are endorsed by our local law enforcement, we felt that was the prudent step to take.

Administration Recommendation:

Administration recommends Board approval to apply and accept if awarded the State of Wisconsin Department of Justice Office of School Safety Digital Mapping Grant in the amount of \$148,975 as described in this report.

KENOSHA UNIFIED SCHOOL DISTRICT Kenosha, Wisconsin

July 26, 2022

Annual Restraint & Seclusion Report

By October 1, Wisconsin requires each school district to report the district restraint and seclusion data annually, to the school board. Districts must submit the number of incidents of physical restraint and seclusion, the total number of students involved in the incidents, and the number of students with disabilities who were involved in the incidents. The report to the school board contains the same data as required in the U.S. Department Office of Civil Rights Cyclical Data Collection (CRDC) on physical restraint and seclusion. Wisconsin Act 118 (2019) enacted additional requirements, such as providing parents with a copy of the written incident report, clarifying that the notice and reporting requirements apply to incidents involving law enforcement officers, prohibiting the use of prone restraint, revising the required training components, requiring school staff to hold a meeting after each incident of seclusion or restraint to discuss topics specified in the Act and conducting an IEP team meeting within ten school days of the second time seclusion or restraint is used on a student with a disability within the same school year. School districts are also required to submit this annual report to DPI by December 1 for each previous school year. This law applies to both students with and without disabilities. With approximately half of KUSD students receiving virtual only instruction during the 2020-21 school year, the number of overall instances was significantly lower than pre-COVID years but the 2021-22 school year had expected increases.

CRDC Definitions:

- "Mechanical restraint" refers to the use of any device or equipment to restrict a student's
 freedom of movement. The term does not include devices implemented by trained school
 personnel or utilized by a student that have been prescribed by an appropriate medical or
 related services professional.
- "Physical restraint" refers to a personal restriction that immobilizes or reduces the ability of a student to move his or her torso, arms, legs, or head freely. This does not include a physical escort, which would be applicable for a temporary setting for the purpose of inducing a student who is acting out to walk to a safe location.
- "Seclusion" means the involuntary confinement of a pupil, apart from other pupils, in a room or area from which the pupil is physically prevented from leaving. This does not include a timeout, which is a behavior management technique that is part of an approved program in a non-locked setting for the purpose of calming.

A covered (trained) individual may use seclusion on a pupil at school only if all of the following apply:

- The pupil's behavior presents a clear, present, and imminent risk to the physical safety of the pupil or others and it is the least restrictive intervention feasible.
- A covered individual maintains constant supervision of the pupil, either by remaining in the room or area with the pupil or by observing the pupil through a window that allows the covered individual to see the pupil at all times.
- The room or area in which the pupil is secluded is free of objects or fixtures that may injure the pupil.

- The pupil has adequate access to bathroom facilities, drinking water, necessary medication, and regularly scheduled meals.
- The duration of the seclusion is only as long as necessary to resolve the clear, present, and imminent risk to the physical safety of the pupil or others.

Districts are required to report on two (2) types of restraint: mechanical and physical, and seclusion, detailing both the number of students (by disability status) and number of incidents. For example, the use of handcuffs by police officers would constitute a mechanical restraint and schools are required to fully document identified instances. Both a summary report and a full building level report are attached. For the 2021-22 school year, KUSD had 30 incidents of *mechanical* restraint, 200 incidents of *physical* restraint, and 38 incidents of *seclusion*.

The use of handcuffs by school resource officers (police) and other police officials while on school property or during school functions have been identified as mechanical restraint. Those cases would be the direct result of the state expectation to ensure that any police involved use of handcuffs or other restraint are documented and reported. Police officers receive their own training and tactics related to the decision or need to apply some form of restraint. The use of vehicle safety restraints, as intended, during the transport of a student in a moving vehicle are not mechanical restraints.

This report is for informational purposes only.

KENOSHA UNIFIED SCHOOL DISTRICT Kenosha, Wisconsin

July 26, 2022

Renewal of Southeastern Wisconsin School Alliance Membership

For the past nineteen years, the District has participated in the Southeastern Wisconsin School Alliance (SWSA) which provides school leaders and parents with objective, non-partisan information, and training needed to be strong advocates for educational excellence. The SWSA serves over 30 urban and suburban school districts with a combined enrollment of more than 220,000 students.

The mission of the Southeastern Wisconsin Schools Alliance is to advocate for the benefit of all students by driving education policies supporting strong public schools to ensure world-class practices, economic vitality, and community well-being.

The SWSA supports the mission through the following tiered approach:

- Develop and implement key strategies to advocate for sound education policy
- Raise the impact of SWSA by identifying and developing mutually beneficial partnerships
- Continue to strengthen the SWSA business model by supporting school districts and their communities
- Leverage research to drive educational practice and advocacy

The SWSA meets at least once a month and the annual membership fee is \$3,200. Attachment A is the letter from the fiscal agent, the required resolution to be approved by the Board in order to participate in the alliance, and the 66.0301 Agreement which authorizes the School District of South Milwaukee as the fiscal agent to manage the SWSA funds. Attachment B is the 2022-23 Proposed Annual Budget for the SWSA, the projected participating member school districts with payment schedule, and the 2021-22 Annual Report for the SWSA.

RECOMMENDATION

Administration recommends that the Board approve the attached resolution and membership in SWSA for the 2022-2023 fiscal year in the amount of \$3,200 and authorization of Board Officers and District Administration to execute any and all documents related to the renewal.

Reflections from Executive Director, Terri Phillips

I was perusing my bookshelf the other day and came across a book titled <u>Finding our Way; Leadership for an Uncertain Time</u>, by Margaret Wheatley, first published in 2004.

As I thumbed through the book (with my sticky notes popping out, the pages dogeared, and key phrases underlined), I had forgotten how fabulous this book was and how important it was to me back in the early 2000's. Ms. Wheatley shared stories and examples of courageous leaders during tumultuous times. In her prologue she says, "It's truly a dark time because people are losing faith in themselves and each other and forgetting how wonderful humans can be, how much hope we feel when we work well together on things we care about."

That was 2004. Think back on what was happening in our country and across the globe; that was even before the Great Recession! And here we are in 2022, still trying to lead during "dark times". Throughout this book, Ms. Wheatley stressed the importance of courageous leaders and the "great potential of the human spirit".

This book about great leaders reminded me of *you*; the education leaders in this organization. Each of one you is a courageous leader with an open heart and the desire (and drive) to provide incredible opportunities for the children in your communities. You are passionate, caring, education leaders who work ridiculously long hours to ensure that kids, staff, and community are safe. You are leaders and heroes who continue to make a difference in so many lives every single day. What I know is that sometimes, you aren't always taking care of yourselves. *Please do so, we need you. Our kids need you.*

As I write my last SWSA Annual Report, I want to sincerely thank each and every one of you. It has been my pleasure to serve the members of this organization since 2013 as your Executive Director. As we welcome Dr. Maura Zinni, the new Executive Director to the organization, I am confident the organization will continue to evolve with new ideas to support your advocacy efforts. As always, if there is anything I can to support your work in the future, please let me know!

Gratefully,

Enjoy one of my favorite Margaret Wheatley Poems (feel free to share!)

This poem is by Margaret Wheatley from her book Turning to One Another: Simple Conversations to Restore Hope to the Future, 2002.

On her website she says, "I have always wanted to be out in the world and curious about its workings. I eagerly studied in many different disciplines, including science, history, literature ... We all must draw from many different perspectives to both understand and reweave the world."

Turning to One Another

There is no power greater than a community discovering what it cares about.

Ask: "What's possible?" not "What's wrong?" Keep asking.

Notice what you care about.

Assume that many others share your dreams.

Be brave enough to start a conversation that matters.

Talk to people you know.

Talk to people you don't know.

Talk to people you never talk to.

Be intrigued by the differences you hear.

Expect to be surprised.

Treasure curiosity more than certainty.

Invite in everybody who cares to work on what's possible.

Acknowledge that everyone is an expert about something.

Know that creative solutions come from new connections.

Remember, you don't fear people whose story you know.

Real listening always bring people closer together.

Trust that meaningful conversations can change your world.

Rely on human goodness. Stay together

SWSA Strategic Areas

The SWSA's mission is to advocate for the benefit of all students by driving education policies supporting strong public schools to ensure world class practices, economic vitality, and community well-being.

The SWSA supports our mission through the following tiered approach:

- 1. Develop and implement key strategies to advocate for sound education policy
- 2. Raise the impact of SWSA by identifying and developing mutually beneficial partnerships
- Strengthen the SWSA business model by supporting school districts and their communities
- 4. Leverage research to drive educational practice and advocacy

Our outcomes during the 2021-2022 calendar year are outlined on the subsequent pages.

Strategic Area 1: Advocate for sound education policy

- Developed a legislative agenda with input from the SWSA Membership & guidance from the Executive Committee
 - The <u>2021-2023 Legislative Priorities</u> have become the foundation for our legislative advocacy work.
 - Resources were created to support advocacy efforts during the legislative session including talking points, draft letters and testimony. <u>Weekly membership updates</u> were provided summarizing key legislative issues and action required by members.
- The SWSA Executive Director & legislative liaison, Ramie Zelenkova and her staff supported the membership by
 - Submitting testimony on critical bills (example <u>Letter to Assembly Education Committee</u> & <u>Senate Education Committee</u>).
 - Supporting SWSA members to provide their testimony to the Assembly and Senate Education Committees; both in-person and virtually.
 - Working behind the scenes to have conversations with key legislative offices on K-12 education issues.
 - Providing the membership with a weekly "bill tracker" to highlight key pieces of legislation and action needed.

Strategic Area 1: Advocate for sound education policy

State Superintendent Dr. Underly shared her plans for K12 education in Wisconsin and participated in an interactive conversation with the membership.

Met with members of the Assembly Education Committee and engaged in conversations about how to continue to work together to develop sound education policy.

ESSER III Funding

ESSER III, the Elementary and Secondary School Emergency Relief Fund grant program authorized under American Rescue Plan (ARP) Act, provides additional money for local educational agencies (LEAs) to prevent, prepare for, and respond to COVID-19. ESSER III supplements ESSER I, created by the CARES Act in March 2020, and ESSER II, created by the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act in December 2020.

LEAs receiving funds under ESSER III are required to reserve no less than 20 percent of their allocation for the purpose of addressing learning loss through the implementation of evidence-based interventions. These interventions must respond to students' academic, social, and emotional needs and address the disproportionate impact of COVID-19 on students from low-income families, students of color, English learners, students with disabilities, students experiencing homelessness, children and youth in foster care, and migratory students.

After further review of identified themes and needs of the district, the following position and programs, and estimated costs, are presented for School Board approval.

Budget Item	FY 23
District Identified Positions	\$180,000.00
Elementary Regional Coordinator	\$180,000.00
District Identified Programs	\$820,000
After school programming	\$305,000.00

Elementary teacher professional development	\$410,000

Fiscal 2022-2023 Budget Update

The administration is providing the Board of Education with an update on the projected budget position for the upcoming FY 2022-23 budget given the most current information that we have available to us (Attachment A). At the May 24, 2022 meeting, we shared a revised projected deficit of approximately \$15.7 MM and we are now sharing some of the recommended reductions that are needed to help close that gap. While our work is not yet completed, the projected deficit is now projected to be \$2.5 MM when factoring in the proposed staff reductions delineated in Attachment B. Please note that when looking at staffing numbers, only the district operational funded (non-grant/charter) positions are factored into the budget position. While we are temporarily offsetting staff reductions with one-time stimulus grant funds, we are making the necessary changes in our district-funded positions.

Declining student enrollment combined with a lack of inflationary increases in the State revenue limit formula will continue to impact our revenue limit authority and our ability to realize budget growth next year and beyond.

This preliminary projection assumes the following major items:

- Continued declining enrollment of 600 less FTE in the next third Friday count
 - Projected revenue loss will be \$6.3 MM in revenue limit authority and \$440 K in per-pupil aid
- Health insurance premium increases by 9.6% along with restructured 4-tier options
 - Updated from 11% renewal due to a 1.4% adjustment following prescription drug plan formulary change
- Change in part-time staff benefit eligibility to ACA 30-hour per week rule
- Change in district funded HSA contributions from \$750/\$1,500 to \$600/\$1,200
- Salary schedule advancements for all FTE staff
- Consumer Price Index (CPI) increases of 4.7% for all FTE staff

Administrative Recommendation

The administration recommends that the Board acknowledge and approve the updated budget projection and adjustments for the 2022-2023 fiscal year. The administration will continue to refine the budget and will provide additional updates as needed.
